TELECOMMUNICATIONS SERVICES

A complete range of telecommunications services is available to all government users. GO-Net services encompass telephone (local and inter-city), fixed and mobile radio communication systems, radio paging systems, data communication systems, voice processing systems, facsimile, video, satellite and various other special telecommunication systems. A new series of value added services have been introduced as part of GO-Net, they include: Electronic Data Interchange (EDI), Credit Card Authorization Services, and the Electronic Post Office (EPO). Both operational and advisory services are provided. Operational services include telecommunication systems design, systems/service acquisition, systems implementation, and the provision and management of shared multiminsty telecommunication services. Advisory services include system feasibility studies, systems planning, hardware and software evaluation, project management and coordination, and both the preparation of request for proposals and evaluation of supplier proposals.

To obtain information or assistance regarding these services, call your MBS Customer Support Representative. The name and number are located under the Services Division, Information Technology Customer Service and Support Branch listings within the Management Board Secretariat section of the Management Board of Cabinet.

VOICE PROCESSING SERVICES

Users of **VOICE MESSAGING** can accomplish more with their time. By using the shared long distance Ontario Communications Network (OCN), users can call anywhere in the province and leave detailed messages in their own voice, sometimes eliminating the need for a two-way person-to-person conversation. Voice Messaging allows users to reach people who are frequently away from the office and also allows those working off site to communicate with their colleagues. And, through the networking feature, subscribers can create and then distribute, with one phone call, a common message to other Voicenet subscribers located elsewhere in the province regardless of time of day.

INFORMATION MAILBOX/AUDIOTEX lets callers get information without the need to speak with a "real" person. The information mailbox can be designated to handle many categories of routine and frequently asked questions to allow the public greater access to government information. This lets staff handle more calls around the clock. Enhanced optional capabilities allow callers to both record replies to announcements and reach an operator.

AUTOMATED ATTENDANT answers incoming calls promptly and guides callers to select the extension of the right person or department. When calling into a general inquiry number, the caller is prompted to enter the person's extension number or to spell the person's last name. After the number or name is entered using a touch-tone keypad, the automated attendant service transfers the caller to the desired extension. If a specific ministry person is not known or required, the caller has the option of speaking with the ministry attendant.

INTERACTIVE VOICE RESPONSE (IVR) is a service used to automate both telephone inquiries and business transactions. Using a touch-tone keypad, authorized callers can access pre-recorded information about a ministry program and then enter or get approved information from the ministry host computer. Information is spoken back to the caller in a pre-recorded voice without operator involvement. Enhanced features offer the ability to conduct credit card transactions, including payments.

AUDIO TELECONFERENCING (CONFERENCE CALL)

Audio Teleconferencing is an innovative and practical way to have meetings with your colleagues using the telephone without the need to travel. This service allows you to have meetings any time, anywhere, with many people at different locations.

All you need is a regular phone, or you can use boardroom conference speaker phones.

It is a convenient, economical, reliable and timesaving service available to the Government of Ontario. An excellent resource for regularly scheduled meetings, special meetings, emergency meetings, presentations, announcements, training and education, planning sessions and consultations.

To make a reservation call (416) 325-3400 between the business hours of 8:00 a.m. to 6:00 p.m., Monday through Friday.

For an information package or more information on audio teleconferencing call (416) 327-3113 or (416) 325-1092

YOU AND YOUR VOICE MAIL TIPS FOR SUCCESS

Voice mail, a Voicenet Ontario service provided by Management Board Secretariat, can be one of your most effective business tools, whatever your job or your ministry.

Voice mail improves your ability to communicate because it can be used any time of the day or night, regardless of office hours and time zones.

But it's important to be professional in your use of voice mail—or else it could be seen as impersonal and irritating to your callers.

By adopting the following guidelines, you can help ensure you take full advantage of this service and avoid any pitfalls!

Answer Your Phone When You're At Your Desk

- don't use voice mail to screen calls

Use Call Forwarding

- call forward your phone when away from your office—don't make your callers wait 3-4 rings before being answered

Personal Greetings Are Important

- update your personal greeting daily
- make it enthusiastic and courteous
- indicate when the caller can expect to have her/his call returned
- offer an alternate contact for emergencies
- return messages promptly
- use the extended absence greeting when you plan to be away for more than a day

Give Your Callers An Option

- using a Touch-Tone phone, callers should be able to 'press 0' and be connected to your receptionist during office hours
- rotary dial callers should be given an alternate greeting telephone number to call to reach your 'live' telephone support person
- clearly state this information in your personal greeting—callers have the right to speak to a human being!

Be Security Conscious

- use a minimum six digit password—maximum fifteen
- keep your password confidential
- don't use easily guessed numbers such as your phone number, birth date or the same repetitive digit
- change it once a month
- suspect a security problem? Contact your Ministry Voice Mail Coordinator

A Sample Personal Greeting You May Wish To Consider

- you have reached (name)
- today is (date)
- I'm in the office today, but either on the phone or away from my desk
- please leave a detailed message after the tone, and I'll return your call as soon as possible
- if you need immediate assistance, press '0' on your touch-tone phone or dial (reception number)
- thank you

Following these tips will help us to meet our common objective of providing good customer service to our callers!

CALL DISPLAY

Call display, also known as Caller ID, presents a visual display of the calling party's telephone number on a special type of telephone equipped with a screen.

Caller ID is presently used within the government of Ontario only for internal calls; however, increased use is probable as the technology becomes more widespread.

As Caller ID becomes more widely available, concerns have been raised about the potential for this technology to invade an individual's privacy. The primary concern is that Caller ID allows for the display and collection of telephone numbers without the knowledge or consent of the caller.

Below is a summary of Caller ID guidelines developed by the Information and Privacy Commissioner/Ontario under the mandate of the Freedom of Information and Protection of Privacy Act and the Municipal Freedom of Information and Protection of Privacy Act.

- **APPROPRIATENESS OF CALLER ID**

Be sure to carefully evaluate the usefulness and appropriateness of knowing who is calling and from where in order to determine legitimate circumstances for using Caller ID.

- **IDENTITY OF CALLER**

Do not assume the identity of a caller based on caller display information. Employees should take all reasonable and appropriate steps to verify the identity of the caller before disclosing personal information over the telephone.

Because call display may not provide a reliable mechanism for identifying a caller, automatic retrieval of files containing personal information on the basis of caller display only is not recommended.

- **BUSINESS CALLS MADE BY GOVERNMENT EMPLOYEES FROM NON-GOVERNMENT TELEPHONES**

Employees should take steps to guard against the potential collection and misuse of the telephone number, when making business calls from telephone lines outside of government offices. These steps may include the use of call blocking or public telephones. Free call blocking is available for most telephone lines upon request from the telephone company. Where call blocking has not been previously requested or is not available for a telephone line, there will be a charge for blocking caller display information through the operator.

- **LOCATION OF CALLER ID EQUIPMENT**

Steps should be taken to ensure that equipment is located in a manner such that caller display information is not disclosed to unauthorized individuals or others who do not have a need to know.

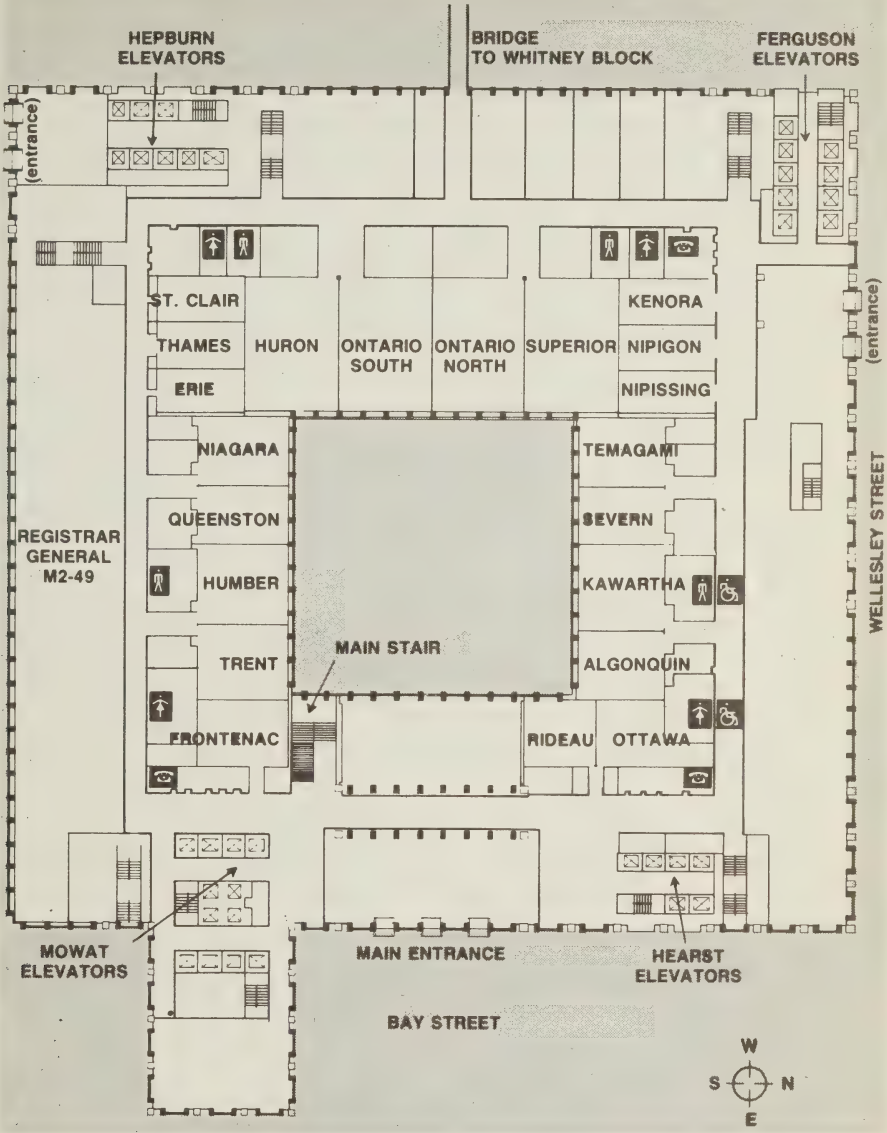

CONCLUSION:

An awareness of the privacy concerns associated with Caller ID should be integrated into the daily practices of government organizations using this service.

MAIL IN THE ONTARIO GOVERNMENT

The following information is presented by Government Mail Service to help you achieve cost-effective and efficient mail delivery.

The Ontario Government uses three types of mail service. These are:

- Canada Post Corporation (Canada Post), the mandated carrier of mail in Canada;
- Internal Delivery, the mail which is delivered from one government location to another;
- Private Couriers, same-day and overnight services.

CANADA POST

Canada Post offers a variety of mail delivery services. Each has specific standards for size, weight and addressing. Your mailing will incur additional charges if these standards are not followed.

Standard Lettermail is the Canada Post service we use most often. The item to be mailed must weigh one ounce (30 grams) or less and be no larger than $5\frac{7}{8}'' \times 9\frac{5}{8}'' \times \frac{3}{16}''$ thick. Fold your correspondence where possible. Five sheets of $8\frac{1}{2}'' \times 11''$ paper in a standard #10 business envelope meets all these requirements.

Larger envelopes cost more to mail and take longer to deliver. A $6'' \times 9'' \times 12''$ envelope is **not** standard lettermail. These envelopes do not go through the Canada Post address scanning equipment, and take longer to deliver. Envelopes greater than $15'' \times 10\frac{5}{8}'' \times \frac{3}{4}''$ thick are considered parcels and will be charged more postage. In summary, you should use the smallest appropriate envelope in order to keep postage costs down and improve delivery times.

Addressing an envelope must be done according to Canada Post standards. If the address does not conform to these standards, mail will not be read by the address scanning equipment. It then becomes "manual" sorted mail and delivery time for the piece increases. Here's how to address an envelope:

Return Address	Destination Address
Name of sender (optional) Branch or Department Ministry or Agency Street Address including Suite Number City ON Postal Code	Personal and Confidential (Optional, top line) Name of Addressee Department or other identifier Ministry, Agency or Company Street Address including Suite Number City Province Postal Code Country (only if not Canada)

A properly addressed envelope should be set up as below.

Return address		Postage must be in this area
	Destination address	
Postal Code must be in this band		26 mm (1")
Do not use this band		19 mm ($\frac{3}{4}''$)

PERSONAL MAIL

Personal mail should not be sent through the Government mail pickup and delivery system. Government mail rooms will not apply postage to personal mail. Such mail, which includes claims to medical and dental insurers, will be returned to the sender.

INTERNAL DELIVERY

Mail to Ontario government offices in Metro Toronto, and to most regional offices, can be sent through the Internal Delivery system using multi-purpose envelopes. If your intended recipient is not sure if their office is served by regional ID mail, please call the Government Mail Service information line at (416) 325-MAIL.

COURIER SERVICE

The use of same-day courier services is discouraged unless absolutely necessary. Only emergency conditions warrant using couriers between government offices. Planning your mailings ahead of time will let you make use of other delivery methods.

Overnight couriers should be specified only if the service offered by Canada Post or internal government mail is not adequate. Canada Post lettermail delivery should be satisfactory for the majority of your mailings. Canada Post delivers mail locally within two business days and to other regions in Ontario within three business days. Metro Toronto mail is usually delivered the next business day.

The province has standing agreements with overnight courier companies to ensure the lowest possible rates. Please call the Government Mail Service information line at (416) 325-MAIL for information on how to benefit from these agreements.

OTHER SERVICES

Other services you should be aware of include:

Volume Discounts

Volume discounts are available from Canada Post on certain types of prepared mail. In general, if your mail run is 5,000 pieces or more, you qualify for this discount.

Relocation

If you are relocating to a new office, please advise Government Mail Service and the mailroom in your new building (if applicable) before the move. A lead time of four weeks will help ensure minimum interruption in mail service to your location.

Business Reply Mail

When you want to prepay the cost of return mail (e.g. for customer surveys and seminar registrations), using business reply mail will reduce postage costs. Sending out preprinted, prepaid business reply envelopes with your correspondence means you pay only for the mail which is returned.

Proof of Delivery

Both Canada Post and courier companies can provide proof of delivery service. Your local mailroom will be able to inform you about which services they provide.

**COMMISSION ON
ELECTION FINANCES**

Ste 1110 151 Bloor St W
Toronto ON M5S 1S4

The Commission on Election Finances administers the ELECTION FINANCES ACT, which provides for registration of Ontario's political parties, constituency (riding)

associations, candidates in by-elections and provincial elections, and leadership contestants. During a provincial election campaign, the Commission supervises limits on campaign expenses and political contributions to registered parties, constituency associations and candidates, and imposes a time period for advertising.

Political parties and candidates may obtain subsidies for campaign expenses by filing audited campaign period statements of income and expenses, and annual financial statements, including assets and liabilities. Tax credit receipts are provided for contributions, within set limits, to parties, riding associations and candidates. Leadership contestants must file audited financial statements of income, including a list of contributions over \$100, and expenses. There are no limits on contributions, but also no tax credits for leadership contestants. All filings are made public.

The LEGISLATIVE ASSEMBLY ACT requires the Commission to review annually the indemnities and allowances of members of the Assembly. Recommendations are reported to the Speaker for presentation to the Assembly.

The Commission also administers Part III of the MUNICIPAL ELECTIONS ACT, providing for the registration of candidates at a local government election. Municipal candidates must also file audited campaign period statements of income and expenses. The MUNICIPAL ELECTIONS ACT imposes limits on contributions and expenses and provides for a tax credit or rebate system. INTERNET ADDRESS: <http://www.newswire.ca/coef>

**MINISTRY OF
CITIZENSHIP, CULTURE
AND RECREATION**
6th Fl 77 Bloor St W
Toronto ON M7A 2R9

The mandate of the Ministry of Citizenship, Culture and Recreation is to protect human rights, support equal opportunity for all Ontarians, encourage the arts, preserve Ontario's heritage, advance the public library system, promote sport, recreation and physical activity, and maintain the Archives of Ontario.

In the citizenship area, the ministry acts to: protect human rights and eliminate discrimination and barriers to opportunity to promote full participation of all Ontarians; support settlement and integration for immigrants to maximize the economic, social and cultural contributions of immigration to Ontario; support the interests of vulnerable adults who have difficulty in expressing or acting upon their wishes through a community-based approach that supports the role of families and volunteers; and encourage community and economic development in Ontario's aboriginal communities to achieve greater self-reliance.

In the area of culture, the ministry: promotes access to, encourages and protects the arts and heritage of Ontario as assets of fundamental importance to our identity and quality of life; maximizes the economic vitality of Ontario's cultural industries through a sectoral development approach; and coordinates a province-wide library system that enhances the service capacity of individual public libraries.

In the area of sport and recreation, the ministry is responsible for: encouraging broadly-based participation in healthy and safe physical activity and recreation that promotes well-being and reduces health costs; contributing to the development of athletic achievement from novice to national levels through strategic support to the provincial sport system and for the Provincial Games.

The Archives of Ontario systematically selects, preserves and provides access to information with long-term value, and supports efficient management of government records to reduce costs and to ensure they are available as evidence for accountability, audit and legal requirements.

Within the context of the ONTARIO EDUCATIONAL COMMUNICATIONS AUTHORITY ACT, the federal BROADCASTING ACT and its CRTC licences, TVOntario produces and distributes quality educational television-based programs and services to Ontarians on two networks: TVO (English-language) and TFO (French-language). TVOntario's mission is to encourage learning and understanding, extend opportunities for individual growth and help Ontarians develop the skills they require to successfully participate and compete in a world of rapid change and global challenge. The organization is funded by provincial grants, supplemented by federal grants and contributions from individual viewers and private corporations, as well as revenues from sales of rights to its programs.

ELEMENTARY SECONDARY POLICY DIVISION

22nd Fl Mowat Block 900 Bay St
 Toronto ON M7A 1L2

This division leads and promotes change in education and training and ensures that policy, legislation, research, curriculum, agreements, standards, accountability frameworks and funding are coordinated to best serve Ontario learners. It is responsible for coordinating the overall corporate planning and strategic directions of the ministry. The division draws extensively upon staff and knowledge in other parts of the ministry so that strong partnerships are established between policy development and implementation. It develops initiatives cooperatively with other divisions until they can be transferred to those divisions for implementation. In order to ensure an integrated approach to policy and funding, the estimates process is coordinated by this division.

The division has responsibility for key areas of curriculum development and renewal, special education, learning assessment, and teacher education. It identifies and makes known the latest research and knowledge available provincially, nationally and internationally in education and training so that all parts of the ministry may benefit from the knowledge and experience gained elsewhere. This division is also responsible for intergovernmental relations and aboriginal education.

With a strong commitment to implementation and change strategies, this division works closely with colleagues in other ministries and partners in schools, colleges, universities and the community to develop and work towards a shared vision of life-long learning.

**PROPERTY ASSESSMENT
DIVISION**

This division administers the ASSESSMENT ACT, under which it is responsible for property assessment and municipal enumeration. It assesses property (land and buildings) in Ontario and determines a value for each property, which is then used by municipalities and school boards to calculate local taxes. It conducts a municipal enumeration every three years and creates municipal voters' lists and school support lists. Under the PROVINCIAL LAND TAX ACT, it assesses property in unorganized territories.

It hears workers' and employers' appeals from final decisions of the Workers' Compensation Board (WCB) respecting entitlement to benefits, health care, vocational rehabilitation and re-employment obligations. It also hears appeals from WCB decisions on assessments, penalties and transfers of costs, as well as disputes over employer access to workers' files and workers' objections to undergoing medical examination requested by employers. The Tribunal also hears applications from parties to civil personal injury lawsuits to determine whether the lawsuit is barred by the WORKERS' COMPENSATION ACT. Ste 400 North Tower 175 Bloor St E
Toronto ON M4W 3R8

The Solicitor General area of the Ministry of the Solicitor General and Correctional Services is responsible for overseeing law enforcement and public safety across Ontario. These diverse and complex responsibilities are administered by a number of highly specialized organizations within the Ministry.

The Correctional Services area of the Ministry of the Solicitor General and Correctional Services is responsible for supervising all adult offenders 18 years and over who are on probation or provincial parole; or are in custody awaiting trial, sentencing or other judicial proceedings or have received sentences not exceeding two years less a day. In addition, the Ministry is responsible for supervising young people aged 16 and 17 who have come into conflict with the law. On any given day the ministry supervises over 8,000 offenders in correctional institutions and another 52,000 people in the community. An important part of the ministry's mandate is the rehabilitation of offenders. A wide range of institutional and community based programs are provided, in partnership with community agencies, to meet the rehabilitative needs of offenders in the provincial correctional system.

ALPHABETICAL LISTINGS AND EXPLANATORY NOTES

PAGE NUMBER

The number in brackets immediately following the employee's given name indicates the office listing page on which that employee's name appears. **When a page reference is not shown, the employee's ministry has requested their name should ONLY be printed within the alphabetical section.**

EMPLOYEE LOCATION

To enable directory users to distinguish between local and long-distance telephone numbers, the city or town is shown for each employee, along with their area code, if other than 416. Before calling any location other than Toronto, refer to the bottom of the introductory Page v for dialing details.

The full address of any employee can be readily determined either by referring back to the appropriate office listing page, if shown, or by telephoning the employee.

MINISTRY IDENTIFIER

An employee's ministry is designated by the following identifiers. These identifiers are for the purpose of this directory only and are not approved designations. Employees of agencies, boards and commissions will be listed as if they were employed by the parent ministry.

Identifier	Ministry	Identifier	Ministry

THE FRONT COVER PHOTO WAS TAKEN IN ALGONQUIN PARK AND REMINDS US THAT AUTUMN, WITH ITS SPECTACULAR COLORS, IS AN IDEAL TIME TO VISIT MANY OF ONTARIO'S PROVINCIAL PARKS.

FALL IS ALSO A GREAT TIME OF YEAR FOR SEEING WILDLIFE, AND CAMPERS AND HIKERS WILL FIND THE QUIET AND SOLITUDE OF AUTUMN TO BE A PLEASANT CONTRAST TO THE BUSIER TRAILS AND CAMPGROUNDS OF SUMMER.

FOR MORE INFORMATION ABOUT ENJOYING PROVINCIAL PARKS IN FALL AND WINTER, PLEASE CALL ONTARIO PARKS AT (416) 314-2000. YOU CAN ALSO LEARN MORE ABOUT ONTARIO'S PROVINCIAL PARKS BY VISITING THE ONTARIO PARKS INTERNET SITE AT <http://www.mnr.gov.on.ca/MNR/parks/index.html>
